

Name _____

Period _____

Date _____

City Particulate Analysis

City _____

Calculate the percentage of days in each Range for that year (take the number of days/365)

	2015	2016	2017	2018	2019
Good					
Moderate					
Unhealthy for sensitive groups					
Unhealthy					
Very Unhealthy					
Hazardous					

Fill in the chart with the percentage for the city in each category over the entire five year period?

	All years
Good	
Moderate	
Unhealthy for sensitive groups	
Unhealthy	
Very Unhealthy	
Hazardous	

Using the data from the chart, write a summary explaining the air quality of the city? (use back if needed)
