

Heat & Heat Transfer NOTES

I. Temperature

Temperature	Definition:	This Means:
	In other words,	
	Tool used to measure temperature:	Units:
Heat	Definition:	This Means:

II. Heat & Density

--

Heat & Heat Transfer NOTES

II. Heat & Heat Transfer

Heat Transfer	Definition:	Example:
	<u>Thermal Equilibrium=</u> Whenever thermal equilibrium is reached, _____ _____	

III. Thermal Expansion

Thermal Expansion	Definition:	Example:

Heat & Heat Transfer NOTES

IV. 3 Ways Heat Is Transferred

1. Conduction	Definition:		Examples:	
	Conductors	Examples:	Insulators	Examples:
2. Convection	Definition:		Examples:	
3. Radiation	Definition:		Examples:
